Dear generous community supporter:

We are excited to announce that The Tommy Foundation (TTF) will be hosting the 10th Annual Edge of Autism (EOA) Walk and Festival on April 22nd at Buchanan Park in Lancaster, PA. For Autism Awareness Month, we are asking you to be a part of this important community event that last year alone hosted over 1000 community members- making it the largest Autism event in Lancaster County. Please consider supporting us through a tax-deductible monetary donation that entitles you to several benefits as a sponsor, which are attached to this letter.

About this Event and Beneficiary

The EOA Event had well over 1000 local community members attending our event this past year. For the last 10 years, hundreds of vendors and providers gathered at our event to support families in our community affected by the condition. All proceeds benefit The Tommy Foundation, a 501(c)(3) organization assisting families in Central PA, that are affected by autism. A Press Kit is available upon request for additional information about the work we do in the community for the last 12 years.

Our event has 3 parts which each looks to address an area of concern for our community:

Awareness: Help raise awareness sponsoring one of the areas. Please see the attached sponsorship levels to see the benefit and levels.

Action : Sponsors that would like to host one of the areas or activities during the festival are able to set up tables at the Festival portion of the event where they can speak with participants directly.

Note: Sponsors that are mainly looking to distribute information can have a table at our Autism Conference in March so long as their donations are received BEFORE February 28th!

Acceptance : Our festival allows families and individuals to be a part of what we have come to term our “family reunion”. The Festival has games, activities, entertainment, refreshments and more.

Your support will allow our organization to continue to serve the needs of families affected by autism in Central PA. It is also a marketing opportunity for your business and a platform for your business to demonstrate your commitment to community involvement in our area.

Please mail your check payable to: **The Tommy Foundation**

About Autism

1 in 68 children are affected by autism in the United States. Every 11 minutes a baby is born who will ultimately receive an autism diagnosis. In the United States alone the economic impact of autism is more than \$90 billion and is expected to double. There are limited to any real plans for those individuals that are grown up and are adolescents or adults on the spectrum as well since much of the focus is placed on the childhood piece of the condition.

If you would like to participate in our event, we ask that you please fill out the enclosed form. Feel free to contact me with any questions you might have.

Thank you,

Sugey Cruz-Everts
President, The Tommy Foundation
